Subject: APS request in next general Rate Filing

Arizona Corporation Commission, Utilities Division

APS has notified us they will request that the 'Classic Rate' be eliminated at their next general rate filing. They did not say when that would be. We have had this rate for 27 years and would like to keep it. Therefore we would ask that the Commission to Not allow it to be eliminated. If APS were to offer a choice of schedules to choose from with benefits of each listed, that would be good, but not to eliminate the 'Classic Rate'.

In addition, they have now announced they want a 20% rate increase! That is HUGE and many customers can't afford that. I assume they ask for more than they expect to get to cushion their final raise, but I request a more reasonable 10% area of increase if you consider that necessary.

Thank you for your consideration.

Sincerely

James & Arlene Freed
